## 🧩 Objective

---

*I specialize in web design and development, leveraging advanced technologies such as React.js and Next.js to create modern, efficient, and high-performance websites. With extensive experience in these cutting-edge frameworks, I am well-equipped to deliver customized solutions that meet the unique needs of each client. Whether you require a dynamic user interface, seamless user experience, or a robust web application, my skill set ensures your digital projects achieve their full potential.*

## 📁 Projects

---

- 03/2024 – 03/2024    - **Landing Page** [🔗](#)  
*IceCreamVillage*  
**(VILLAGE)** is a Saudi brand with extensive experience in offering traditional Italian-style ice cream from carts. These are available for individuals and companies at events, weddings, and various occasions. Additionally, there are different sizes and types of carts provided according to the nature of the event.
- 04/2024 – 04/2024    - **Company Portfolio**  
*Tawqeer*  
**Tawqeer** is a Saudi non-profit organization that empowers young talents to provide high-quality services for pilgrims. It offers specialized programs to ensure pilgrims' comfort during Hajj and Umrah.
